

LEAGUE WILL ABATE EDWIN'S GRIEVE, SILENCE OF PRESIDENT

By HUGH BAILEY,
United Press Staff Correspondent.
ABOARD THE PRESIDENT'S TRAIN, APPROACHING SAN FRANCISCO, Sept. 17.—Answering questions of the San Francisco labor council with regard to Ireland's status under the peace settlement, President Wilson today pointed out that the League of Nations sets up a forum "to which all peoples can bring any matter that is liable to affect the peace and freedom of the world."

In Enemy Territory.
The drive for ratification of the treaty as it stands is being carried by Wilson today into San Francisco and Oakland, stronghold of Senator Johnson, in a counter offensive against the pact. The President was due to reach Oakland and take the ferry there for San Francisco at 9 o'clock this morning (noon Eastern time).

Four questions were submitted to the President by the San Francisco labor council. These questions and their answers follow:
1—Under covenant, does this nation obligate itself to assist any member of the league in putting down a rebellion of its subjects or unconquered peoples?

Answer—It does not.
2—Under the covenant, can this nation independently recognize a government whose people seek to achieve or have achieved their independence from a member of the league?

Answer—The independent action of the Government of the United States in a matter of this kind is in no way limited or affected by the covenant of the League of Nations.

3—Under the covenant, are those subject nations or peoples only that are mentioned in the peace treaty entitled to the right of self-determination or does the league possess the right to accord a similar privilege to other subject nations or peoples?

Answer—It was not possible for the peace conference to act with regard to the self-determination of any territories, except those which had belonged to the defeated empires; but in the covenant of the league of nations it was set up for the first time in article 11, a forum to which all claims of self-determination likely to disturb the peace of the world or

A Simple Way to Reduce Wrinkles

Remember that wrinkles and bagginess of cheek or chin are due to the muscular tissue losing its strength and shrinking. The skin is then too large in area to fit such tissue smoothly. It wrinkles or sags.
To remedy this condition, there's nothing so effective, so quick-acting, as a simple wash lotion with soap and home. Just get an ounce of pure powdered Maxellite or your druggists, and a half pint of witch hazel, mix the two and bathe the face in the liquid. This at once tightens the skin and restores the underlying tissue—which, of course, smooths out the lines and draws in the sagging skin. It also stimulates circulation, bringing natural color to faded cheeks.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HANBLER OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation.

Superficial Hair Now Removed Completely

(The latest, the New Wonder-Worker)
Without doubt the greatest thing yet discovered for hair-disfigured womanhood is the wonderful electrolysis method. It has none of the disadvantages of electrolysis or depilatories and, best of all, it removes the hairs entirely. It does this instantly, leaving the skin so smooth and soft that no one can tell the user was ever the possessor of a moustache or other hairy growth.

Electrolysis is non-painful, non-irritating, and so harmless a child could eat it without any ill-effect. A stick of this remarkable substance, accompanied by simple instructions, can be obtained at any druggist. What woman would not be delighted after seeing those ugly hairs come out with her own eyes?

the good understanding between nations upon which the peace of the world depends can be brought.

No Jurisdiction Over Irish.

4—Why was the case of Ireland not heard at the peace conference? What is your position on the subject of self-determination for Ireland?
Answer—The case of Ireland was not heard at the peace conference because the peace conference had no jurisdiction over any question of that sort which did not affect territories which belonged to the defeated empires. My position on the subject of self-determination for Ireland is expressed in article 11 of the covenant, in which, I may say, I was particularly interested because it seemed to me necessary for the peace and freedom of the world that a forum be created to which all peoples could bring any matter which was likely to affect the peace and freedom of the world.

Ask About British Votes.

The President, it was learned, has also received from other labor bodies questions about the British votes in the League of Nations assembly, and questions about the treaty clause whereby Japan gets the German rights in Shantung. These queries will be answered upon the President's return.

Labor organizations of San Francisco, Los Angeles and Portland asked for conferences with the President. There was no such conference in Portland.
Announcement was expected this afternoon of the names of the men Mr. Wilson has chosen to represent the general public at the industrial conference to be held in Washington next month.

The league to enforce peace, it was learned today, has propounded to the President a series of questions, the answers to which will tend to clear up doubtful points in the treaty in interrogations.

President Well Rested.

The President today was feeling completely rested from his efforts in the Northwest, and quite fit and ready for a strenuous two days in the bay cities. He spent yesterday recuperating, strolling about the train during long stops in the mountain and shaking hands with the crowds at stations. But he retired early, and so who met his train after 9:30 o'clock failed to see him.

The President in his recent speeches has been talking more and more directly to leading treaty opponents. In Portland, he named Lodge. It was believed he might say something with regard to Johnson in San Francisco although heretofore he has pursued a policy of ignoring those "trailing" him.

Catch Out of Date.

Today he will be given a luncheon at the Palace Hotel, an auto ride to Stanford University and an address tonight. The Presidential train today was enlivened by the addition of another car occupied by the Federal manager of the Southern Pacific. It was noted this car was more up to date than the Maydayer, which is used by Wilson and which was first brought to the coast, railroad men say, when Roosevelt used it in his 1912 campaign.

MID-WEST AGAINST LEAGUE, SAYS BORAH

Senator Back to Lead Fight on Floor Says Sentiment Frightens Administration.

The middle West is aflame with opposition to the League of Nations covenant in its present form, Senator Borah of Idaho, declared today on his return to Washington from a speaking trip.

"The demonstration of Americanism which the middle West is giving," said Borah, "is filling the advocates of unqualified ratification of the treaty with fear and foreboding. That is why they are attempting to rush the treaty through the Senate. They are afraid of the tide that is sweeping the country."

Borah returned at the urgent call of Senator Lodge, because treaty advocates are seeking to force the opposition to act on treaty amendments without further debate. Borah said Senator Hiram Johnson, who is also on a speaking tour, will be allowed to continue for the remainder of the present week, at least.

Borah to Lead Offensive.

Borah is relied on by Lodge and other Republican leaders to take the offensive at once in the fight on amendments. The Idaho Senator, who wants to kill the whole league covenant, said mid-Western audiences had given vociferous approval to his attitude.

"In Omaha," he said, "the crowd stood and cheered for a full minute the declaration that the whole treaty scheme should be abandoned. In Iowa the sentiment was as strongly anti-league as it was in Nebraska." The treaty will not be considered today or tomorrow because the Senate will be engaged in helping honor General Pershing. On Friday Senator Reed of Missouri will discuss it.

LANSING RUMOR STIRS ALL PARIS

Report That President and Col. House Have Broken Also Causes Flutter.

NEW YORK, Sept. 17.—A rumor that Secretary of State Lansing may resign caused a flutter around the Hotel Crillon yesterday, says a copyrighted dispatch from Paris to the World. It came about, Frank L. Polk, Assistant Secretary of State, doubtless would succeed Mr. Lansing, and the question Mr. Polk's successor would be brought up. In view of the rumors that President Wilson and Colonel House have parted company, it seems improbable that the cabinet would again represent America at the supreme council.

Colonel House refuses to comment on William C. Bullitt's testimony before the Foreign Relations Committee of the United States Senate. Colonel House, who does not seem upset in any way by the "revelations," said the published report of Mr. Bullitt's testimony are too conflicting to attempt to analyze it. It is denied that Colonel House was responsible for Mr. Bullitt being attached to the American peace delegation. Mr. Bullitt was an admirer of Colonel House, and wrote an article eulogizing him for a Philadelphia newspaper.

ROOSEVELT PRAISES WORK OF 'W' WAR

Assistant Secretary of Navy Points Out Need of Continuing Organization.

Expressing the hope that the "W" would not demobilize in the manner of the army and navy, Franklin D. Roosevelt, Assistant Secretary of the Navy, lauded the work of the organization at a reunion of the Washington District Y. M. C. A. secretaries yesterday.

The secretary told of the work done during the war, and said the day was not far distant when the kind of work done by the "W" during the war would be part of the army program. The morale branches of the army and navy, he said, were doomed to pass away in the near future, and that the work would have to be carried on by organizations such as the Y. M. C. A.

British Chaplains Speak.
Major John Robertson, a chaplain in the British army, also spoke. He told of his experiences during the war, and said preachers had obtained a new view of young men by such contact with them. Previous to the war, he said, clergymen only saw the young "in their Sunday clothes."

A permanent organization was formed and William Knowles, general secretary of the Washington Y. M. C. A., was elected president. Other officers elected were the Rev. George W. Atkinson, Jr., first vice president; Louis A. Black, second vice president; the Rev. J. E. Simons, secretary, and John MacKelvie, treasurer.

WHY BRAINWORKERS ARE CONSTIPATED

Nervousness or Intense Concentration Upon Work Will Cause Bowels to Falter.

People working indoors without exercise and overworked, nervous or worried under high tension become "constipated." They should not take a big, powerful laxative agent. What is needed is a tiny dose at intervals of an hour or so through the day. In the evening a tiny dose of Dr. Williams' Pink Pills will take an E-Z tablet with the headache, biliousness or other troubles. You get almost instant relief. No discomfort or bother. The second or third tiny E-Z Tablet sets the system to working beautifully. 100 E-Z Tablets in handy wooden bottle, 25c. Purse or pocket size, 10c. at People's Drug Stores and all good drug stores.
